

Discovery Update: EEG-monitored Psi Study at Monroe, Part I — Participant Brain-Wave Analyses

by Judith Pennington, Mind Mirror Facilitator, Institute for the Awakened Mind

TMI's "Discovery" program has been an exciting research endeavor since its launch during the June 2017 "Journey to Happiness" event, as this is the only known long-term, large-scale, EEG-monitored psi study being conducted anywhere in the world. [Read More](#)

I Wonder What's Out There?

by Donna Rebadow, Monroe Program Graduate

I have known my guides and guardians since I was 5 years old. I've been aware of my psychic abilities since the 6th grade, and I had a near-death experience (NDE) on July 17, 1997. My friends have called me a mystic, magical, and a forever curious learner. [Read More.](#)

DISCOVERY
EXPERIENTIAL RESEARCH PROGRAM

Join us for a week of consciousness studies.
Receive scientific validation.
March 28 - April 3

Spiritual Awakening

by Cheryl Phibbs, Monroe Program Graduate

One morning during what was probably my sixth program, we did an exercise that took us through the belief-system territory. Once again, the experience was uneventful. But, a little later that day while finishing my lunch, I started to think about my personal beliefs. [Read More.](#)

ENERGY BODY March 7-13
Explore the human body's various energy points.
Learn how to stimulate vital organs to promote health.
Connect with your personal power.

Lifeline
journey into the afterlife state and be of service to others
Jan 25-31 register now for the earlybird discount!

We are changing the world through research, scholarships, and transformative experiential programs.

Be part of the global awakening of human consciousness with a gift of support.
